About Pakistan Mining & Mineral Exploration 2025 Trade Mission

PAKISTAN CANADA TRADE ASSOCIATION (PCTA)

Established in 2020 under the patronage of the Consulate General of Pakistan, the PCTA's goal is to connect industries and investors between Pakistan and Canada. The Board of Directors is a diverse group of professionals and entrepreneurs with strong links into many industries including the Mining and Mineral Exploration Sector.

WHY PDAC

The Prospectors & Developers Association of Canada (PDAC) is the leading voice of the mineral exploration and development community. Being a part of the World's largest Mining and Mineral Exploration convention gives access to upwards of 23,000 attendees, with 30% being international. With over 1,000 booths, exhibitors can establish vital connections and introduce their newest products and investment potential to a worldwide audience. PDAC's annual convention includes booths, pavilions and information sessions from all leading mining nations.

CANADA AND THE GLOBAL MINING SECTOR

As the global hub for mining finance, Canada plays a pivotal role, with over 1,170 mining companies listed on the TSX and TSX Venture exchanges, collectively valued at over \$520 billion. Canada's exchanges are responsible for 43% of the world's publicly traded mining companies, raising \$44 billion (36% of global mining equity) over the past five years, solidifying the country's leadership in the global mining sector. Canada has developed a strong cluster of companies providing goods and services for all areas of the Mining and Mineral Exploration Sector.

TRADE MISSION OFFERING

Pakistan Pavilion

The Pakistan Pavilion at PDAC offers a unique platform to promote the investment opportunity of your project, target potential buyers, and explore new business opportunities. You will have the opportunity to engage directly with mining analysts, fund managers, and potential clients, fostering important connections.

B2B Meetings

PCTA will arrange for you face-to-face meetings with the Investment Community in Toronto, including investment bankers, mining and exploration analysts and TSX officials ensuring your organization is well-positioned for future growth and success.
